PURPOSE AND OUTCOME

Course Overview:  
One of the most beneficial experiences you can acquire prior to selecting a career within the profession is to observe practitioners of that profession. You get to see what their day is like, what the clients are like, what their working environment is like, etc. Observations can also help you move beyond just learning relevant information for a single test or assignment within the context of a course. When you see the principles and practices that were introduced in a class actually put to use in a clinical situation, your knowledge suddenly takes on greater meaning and value.

Most universities require students to have completed 25 hours of observation before starting their clinical education (seeing patients) and require a letter from your university verifying that you have completed these hours. In order to help you get the 25 hours, we have developed this course Clinical Observation (SPA 4904 and/or 4050), which is required of all CMS majors.

This course is intended to allow you to begin to draw from the knowledge you’ve gained in other courses in the program, and see these principles implemented in practice with real clinicians and patients.

ACADEMIC REQUIREMENTS AND GRADING

Assignments (Points Possible: 1000):

(1) PROOF OF HIPPA TRAINING – 25 points

(2) SIGNED CONFIDENTIALITY STATEMENT – 25 points

(3) CLINICAL OBSERVATIONS – 250 points (10 points per approved observation) If you intend to do a live observation in a clinic this semester you will need to upload (before attending) a copy of your current immunization record, including proof of varicella vaccination, Hep B series (3 shots) and annual TB test (or documentation from your physician as to why a TB test is contraindicated). Upload these materials to the assignment titled “Required Paperwork for Live Observations and List of Approved Students” under the “Assignments” tab.

Detailed Information Regarding Your Clinical Observation Hours:
Every student will need to complete a minimum of 25 hours of observation by the end of the semester. You are required to observe only ASHA-certified SLPs and Audiologists (meaning that the clinicians you observe must hold a Certificate of Clinical Competence or CCC).

1. Download the Observation Log Sheet from the “Final Observation Log” dropbox under “Assignments.”
2. Complete this sheet after each in person observation session. Be sure that your completed form includes the date of observation, demographic of patient observed (adult/child) type of observation (therapy/diagnostic), and the length of observation (minutes/hours). A clinician with accreditation from the American Speech Language and Hearing Association (i.e. CCC-SLP or AuD) must sign off on each entry and include their license number and indicate the issuing state of their license.
3. The FULLY completed sheet must be uploaded to the assignment tab by 11:59pm April 1, 2021. For each day the log is late, 20 points will be deducted from your total points. There will be no exceptions for this deadline so please plan accordingly.
4. Do not submit partially completed hours (i.e. under 25 hours or following each and every observation). Only logs with 25 hours or greater will be reviewed.
5. You may submit this form as soon as you complete all your hours. We would prefer that you get them in early!
6. You may submit observation hours that you completed prior to this semester as long as they are signed and dated. All observations must be documented on the log sheet.

The ticket number will document the time and date of the problem. You MUST e-mail me within 24 hours of the technical difficulty if you wish to request a make-up.

**Policy Related to Required Class Attendance**

Please note all faculty are bound by the UF policy for excused absences

Excused absences must be consistent with university policies in the Graduate Catalog ([http://gradcatalog.ufl.edu/content.php?catoid=10&navoid=2020#attendance](http://gradcatalog.ufl.edu/content.php?catoid=10&navoid=2020#attendance)) and require appropriate documentation. **Policy Related to Guests Attending Class:**

Only registered students are permitted to attend class. However, we recognize that students who are caretakers may face occasional unexpected challenges creating attendance barriers. Therefore, by exception, a department chair or his or her designee (e.g., instructors) may grant a student permission to bring a guest(s) for a total of two class sessions per semester. This is two sessions total across all courses. No further extensions will be granted. Please note that guests are **not** permitted to attend either cadaver or wet labs. Students are responsible for course material regardless of attendance. For additional information, please review the Classroom Guests of Students policy in its entirety. STUDENT EXPECTATIONS, ROLES, AND OPPORTUNITIES FOR INPUT

Expectations Regarding Course Behavior

1. **Attendance/Participation.** You are expected to attend each class and, once in class, you are expected to participate. Your questions, comments, and observations make the class lively and interesting and are an intrinsic aspect of professionalism. Personal issues with respect to class attendance or fulfillment of course requirements will be handled on an individual basis.
   a. Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found in the online catalog at: [https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx](https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx).
   b. Absences: If you must miss a class or examination due to illness or emergency, you should contact the professor beforehand. Unexcused absences for examinations will be graded as a “0.” **Assignments that are submitted late will be lowered one letter grade.**

2. **Office Hours.** If you have in depth questions or concerns regarding the course, you are encouraged to office hours with the TA during the hours listed on the first page of this syllabus. In addition to live office hours, we will also be offering a one-hour weekly online session with the TA where the previous class concepts will be reviewed and student questions can be addressed. This is an option for both online and on campus students, however, it will be important that the online students listen to the posted lecture from the previous lecture before attending the virtual office hour for optimal benefit.

3. **Missed Exam Policy.** If you must miss a test or quiz due to sickness or emergency, you must call, text or email either Dr. CAM 24 hours before class time that day, or you will not be allowed to make it up. It is your responsibility to schedule a time to take that quiz or test before the next class meeting. No make-up tests will be scheduled any later than 1 week after the missed exam. If you miss a class, it is your responsibility to get the notes from another student. Appropriate documentation is required and will be accepted or rejected at the discretion of the instructor.

   If you know in advance that you will be missing a class due an excused absence, you must alert the instructor and reschedule your test before the event. Forgetting to come to class or misreading the syllabus are not considered valid reasons for missing a test or other assignment.

4. **Feedback/Course Evaluation.**
   Students are expected to provide feedback on the quality of instruction in this course based on 10 criteria. These evaluations are conducted online at [https://evaluations.ufl.edu](https://evaluations.ufl.edu). Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at [https://evaluations.ufl.edu/results](https://evaluations.ufl.edu/results).
5. **Clinical certification standards**: If you perform below expected levels on an assignment that is used to assess your attainment of a clinical certification standard, you will be asked to complete remedial work to demonstrate your competency in the particular area. The remedial work may take place after the course has been completed and your performance on the remedial work will be related to your overall attainment of the critical knowledge and skills objectives that are used in determining your suitability for clinical certification.

6. **Clinical observation complaints**: Failure to meet site-specific regulations (including dress code, behavior, no shows etc) will automatically result in a course letter grade drop and the student will not be able to accrue any more in-person observation hours from the point at which the complaint was filed. If you are sick, you must notify your supervisor, in writing, that you will not be observing as scheduled. Please cc the instructor on this communication.

**Communication Guidelines**

Please see Communication Preferences on Page 1 of this document.
