Instructor: Laurie M Gauger, Ph.D., CCC/SLP
Office: HPNP 2140
Office Hours: Mondays 9:00 – 10:30
Phone: 352-294-8484
Email: laurieg@phhp.ufl.edu
Preferred Course Communication: UF Email (please do not email through Canvas)
Class Meets: Mondays 10:40 – 12:35 (periods 4-5) in COMM-004 and Wednesdays 11:45 – 12:35 (period 5) in COMM-003 (Class meets on Wednesdays only where indicated in syllabus)

Prerequisites
SPA 4004 Language Development
SPA 4104 Neuro Basis of Communication

PURPOSE AND OUTCOME

Course Overview
This course will cover the etiologies and characteristics of a wide variety of pediatric (preschool and school-age) and adult communication differences, delays and disorders. Multicultural and counseling considerations will be incorporated into discussion at all three primary age groups. Differences, delays and disorders presented will include those related to specific etiological factors, those related to specific language features (with undetermined etiology), developmental language deficits, language-learning disabilities, reading disorders, ADD/ADHD, aphasia, and the dementias.

Relation to Program Outcomes and Clinical Certification Standards: This course addresses program outcomes that pertain to the following Clinical Certification Standards.

<table>
<thead>
<tr>
<th>Standard #</th>
<th>Standard</th>
</tr>
</thead>
<tbody>
<tr>
<td>IV. B.</td>
<td>Demonstrates knowledge of the biological, neurological, acoustical, developmental, linguistic and cultural bases of basic human auditory processes.</td>
</tr>
<tr>
<td>IV. B</td>
<td>Demonstrates the ability to integrate information pertaining to normal and abnormal oral (receptive and expressive) and written (reading and writing) language development across the life span.</td>
</tr>
</tbody>
</table>
Course Objectives and/or Goals

Knowledge Objectives:

You will:

• Know the normal processes of oral and written language development and the social aspects of communication
• Know the etiologies of various oral and written language disorders
• Know the characteristics of various oral and written language disorders
• Know how to prevent oral and written language disorders
• Know how to assess oral and written language disorders
• Know how to treat oral and written language disorders

Skill Objectives:

You will be able to:

• Explain normal aspects of oral and written language development
• Explain causes of oral and written language disorders
• Describe neurological, psychological, developmental and cultural correlates of oral and written language disorders
• Describe various methods to prevent oral and written language disorders
• Describe the assessment of oral and written language disorders, including assessment protocols and interpreting data
• Describe the treatment for oral and written language disorders, including writing goals and treatment methods

Instructional Method: Blended Learning

What is it and why is it important? A blended learning class uses a mixture of technology and face-to-face instruction to help you maximize your learning. Knowledge content that, as an instructor, I would have traditionally presented during a live class lecture is instead provided online before the live class takes place. This lets me focus on my face-to-face teaching on course activities designed to help you strengthen higher order thinking skills, such as critical thinking, problem-solving, and collaboration. Competency in these skills is critical for today’s health professional.
What is expected of you? You are expected to actively engage in the course throughout the semester. You must come to class prepared by completing all out-of-class assignments, which include watching the class lectures. This preparation gives you the knowledge or practice needed to engage in higher levels of learning during the live class sessions. If you are not prepared for the face-to-face sessions, you may struggle to keep pace with the activities occurring in the live sessions, and it is unlikely that you will reach the higher learning goals of the course. Similarly, you are expected to actively participate in the live class. Your participation fosters a rich experience for you and your peers that facilitates overall mastery of the course objectives.

(PowerPoints and lectures). Dates for exams are listed in course schedule. Each test is worth 75 points.

2. **Evidence-based Practice Presentation:** In small groups, you will select an article from a peer-reviewed journal that reviews findings from a study comparing different intervention approaches for a particular *language disorder* (do not use a Review Paper). Prepare a Powerpoint of your article to present in class. Evaluate the study using evidence-based practice guidelines. Your presentation should be about 10-15 minutes in length and each group member must present. Include information on how you would use this information in developing an intervention plan. This assignment is worth 65 points. See Rubric in Canvas.

3. **Bilingual Paper:** Interview an adult who considers herself or himself to be bilingual. Ask questions regarding the age at which each language was learned, how each language was learned (i.e., from parents, television, school), strengths and weaknesses in each language, feelings toward each language, how and with whom each language is currently used, and whether the bilingual individual would like to bring up his or her (future) children bilingually. Write a 2-3-page paper on your interview. This assignment is worth 65 points. See Rubric in Canvas.

4. **Reflection Summary:** You will be assigned specific clinical sessions to watch from Master Clinician. For each session, write up a reflection summary of the session and include the following information: the name and age of the patient, the name of the clinician, the type of disorder the patient has, the goals/targets of the session, how the clinician addressed the targets, and anything interesting that you found in the session. Your reflection should not be more than one page, double-spaced. You will be assigned to watch 7 Master Clinician Sessions throughout the semester. Each reflection paper is worth 10 points each.

**Grading**
Assignments will be posted in Canvas to be completed prior to specified due dates. Reflection summaries will not be accepted late. For all other assignments, 10 points will be deducted for each day it is late. Exams will be administered in class on their assigned date. Exams will be taken through Canvas so be sure to bring your laptop to class. Exams must be taken on scheduled date. In case of illness or emergency, a doctor’s note and/or notice of emergency is required.

Please be aware that the Bachelor of Health Science in Communication Sciences and Disorders Program does not use C- grades. For greater detail on the meaning of letter grades and university policies related to them, see the Registrar’s Grade Policy regulations: [https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx](https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx)

**EXAM POLICY**

**Policy Related to Make up Exams or Other Work**

1. All faculty are bound by the UF policy for excused absences. For information regarding the UF Attendance Policy see the Registrar website for additional details: [http://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx](http://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx).
2. Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at: https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx

STUDENT EXPECTATIONS, ROLES, AND OPPORTUNITIES FOR INPUT

Expectations Regarding Course Behavior
You are expected to attend each class and participate. Your questions, comments, and observations make the class lively and interesting and are an intrinsic aspect of professionalism. Please note that per University rules, no one is permitted in the classroom except the instructor and registered students.

Communication Guidelines
Please contact the instructor directly with any questions or concerns that you have. Use the instructor’s UF email (laurieg@ufl.edu) not Canvas for all correspondence.

Academic Integrity
Students are expected to act in accordance with the University of Florida policy on academic integrity. As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge:

“We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.”

You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied.

“On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For additional information regarding Academic Integrity, please see Student Conduct and Honor Code or the Graduate Student Website for additional details:
https://www.dso.ufl.edu/scrr/process/student-conduct-honor-code/
http://gradschool.ufl.edu/students/introduction.html

Please remember cheating, lying, misrepresentation, or plagiarism in any form is unacceptable and inexcusable behavior.
Inclusive Learning Environment
Public Health and health professions are based on the belief in human dignity and on respect for the individual. As we share our personal beliefs inside or outside the classroom, it is always with the understanding that we value and respect diversity of background, experience, and opinion, where every individual feels valued. We believe in, and promote, openness and tolerance of differences in ethnicity and culture, and we respect differing personal, spiritual, religious and political views. We further believe that celebrating such diversity enriches the quality of the educational experiences we provide our students and enhances our own personal and professional relationships. We embrace The University of Florida’s Non-Discrimination Policy, which reads, “The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity, and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans’ Readjustment Assistance Act.” If you have questions or concerns about your rights and responsibilities for inclusive learning environment, please see your instructor or refer to the Office of Multicultural & Diversity Affairs website: www.multicultural.ufl.edu.

Online Faculty Course Evaluation Process
Students are expected to provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.

SUPPORT SERVICES

Accommodations for Students with Disabilities
If you require classroom accommodation because of a disability, you must register with the Dean of Students Office http://www.dso.ufl.edu within the first week of class. The Dean of Students Office will provide documentation of accommodations to you, which you then give to me as the instructor of the course to receive accommodations. Please make sure you provide this letter to me by the end of the second week of the course. The College is committed to providing reasonable accommodations to assist students in their coursework.

Counseling and Student Health
Students sometimes experience stress from academic expectations and/or personal and interpersonal issues that may interfere with their academic performance. If you find yourself facing issues that have the potential to or are already negatively affecting your coursework, you
are encouraged to talk with an instructor and/or seek help through University resources available to you.

- The Counseling and Wellness Center 352-392-1575 offers a variety of support services such as psychological assessment and intervention and assistance for math and test anxiety. Visit their web site for more information: http://www.counseling.ufl.edu. Online and in person assistance is available.
- You Matter We Care website: http://www.umatter.ufl.edu/. If you are feeling overwhelmed or stressed, you can reach out for help through the You Matter We Care website, which is staffed by Dean of Students and Counseling Center personnel.
- The Student Health Care Center at Shands is a satellite clinic of the main Student Health Care Center located on Fletcher Drive on campus. Student Health at Shands offers a variety of clinical services. The clinic is located on the second floor of the Dental Tower in the Health Science Center. For more information, contact the clinic at 392-0627 or check out the web site at: https://shcc.ufl.edu/
- Crisis intervention is always available 24/7 from: Alachua County Crisis Center (352) 264-6789 http://www.alachuacounty.us/DEPTS/CSS/CRISISCENTER/Pages/CrisisCenter.aspx

Do not wait until you reach a crisis to come in and talk with us. We have helped many students through stressful situations impacting their academic performance. You are not alone so do not be afraid to ask for assistance.
