INSTRUCTIONAL METHOD:

In-Person Sessions
Our class will meet in person for the first five weeks. You are expected to actively engage in the course throughout the semester. You must come to class prepared by completing all out-of-class assignments. This preparation gives you the knowledge or practice needed to engage in higher levels of learning during the live class sessions. If you are not prepared for the face-to-face sessions, you may struggle to keep pace with the activities occurring in the live sessions, and it is unlikely that you will reach the higher learning goals for the course. Similarly, you are expected to actively participate in the live class. Your participation fosters a rich course experience for you and your peers that facilitates overall knowledge of the course objectives.

Online Synchronous Sessions
After the fifth week, you will continue with the course online. Our class sessions may be visually recorded for students in the class to refer to and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the “chat” feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

COURSE RATIONALE/OBJECTIVES:

This applies to all forms of communication: written, spoken, signed, gestural, etc. through any media/medium. This includes ‘interpreting’ to help a student or copy-signing.

There will be a tentative schedule for the assignments, which is subject to change with or without notice.

Please be aware that a C- is not an acceptable grade for graduate students. The GPA for graduate students must be 3.0 based on 5000 level courses and above to graduate. A grade of C counts toward a graduate degree only if based on credits in courses numbered 5000 or higher that have been earned with a B+ or higher. In addition, the Bachelor of Health Science and Bachelor of Public Health Programs do not use C- grades.

### Protocol for Production of Media

You will use Flipgrid on Canvas for any video assignments.

When producing visual/gestural material, by signing or interpreting, the student must be aware of procedures that will **enhance** the production:

- **Backgrounds** should be a solid color that contrasts with a student’s skin color
- **Color of clothes** should be a solid color that contrasts with a student’s skin
- Light-skinned students wear darker solid color tops
- Darker-skinned students wear lighter solid color tops
- Tops should have sleeves; midriff should not be showing, low cut or sleeveless tops not permitted
- Tops should not have distractions: buttons, emblems, and graphics
- Hair should be out of the face. Do not wear a hat.
- Do NOT sign in the BEDROOM/BATHROOM/LIVING ROOM. It is preferable in a professional room with a neat background. Also, do not involve children or someone that is not involved or pets in the video assignment.
- Jewelry should not be distracting such as: dangling earrings, shiny necklaces, and/or sparkly pins.
- Gum chewing is NOT permitted.

If students do not follow protocol, it will result in points being deducted from the final grade of the material produced. Exercises from the TWA student eBooks will be assigned each week. Students will be prepared to demonstrate their receptive and expressive signing skills during the zoom class.

**NOTE:** All must follow the basic ASL cultural rules of **eye contact** and **always signing** in the classroom/zoom and around any Deaf signers.
